Hi everyone,

Following our meeting today I'm sending the notes. Can you please acknowledge them as a decision made collectively and advise if any changes? I've attached the chain of correspondence above.

For the item: <https://catalogue.nla.gov.au/catalog/469908>

Acknowledgement that the item contains ICIP and that this specific case is considered low risk. Not all representations of ICIP are created equal and from a harm/risk perspective this ICIP is unlikely to be sensitive or cause harm.

We will advise the patron that the Library provides access through Trove. This meets our legislative requirements. To purchase a high resolution copy, our policy is that permission from the community is required.

Warm regards,

[REDACTED]
