Trove User Review

Item summary**Answer**

Dear

47F

We have recently reviewed your text correction activity and have found that in some articles you are deleting lines in the transcript.

Deleting a line in the transcript will also delete the link to the image. Preserving this link improves the searchability of the article and ability of other users to read the image. Please do not delete lines in the transcript, even if this means that the layout of the transcript is not the same as the image.

We will be rolling back some of your corrections to repair transcript links.

Please also ensure that the altered text in the transcript matches the image of the text as closely as possible each time you save the corrections. We ask that you correct each line in full rather than edit a letter at a time.

Please also ensure that the altered text in the transcript matches the image of the text as closely as possible each time you save the corrections. We ask that you correct each line in full rather than edit a letter at a time.

This ensures that all the text corrections made are useful to other Trove users.

If you have any questions, please reopen this enquiry by clicking on the link below.

Thank you for your continuing contribution to Trove.

Kind regards,

47F
